

Try This Home-Made Cough Remedy

Costs Little, But Does the Work Quickly, or Money Refunded.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 3 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep seated cough in side of 24 hours. Splendid, too, for whooping cough, chest pains, bronchitis and other throat troubles. Stimulates the appetite and is slightly laxative, which helps and a cough. This recipe makes more and better cough syrup than you could buy ready made for \$2.50. It keeps perfectly and tastes pleasantly.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in glucose and all the natural pine elements which have been shown to be beneficial. Other preparations will not work in this formula.

This plan of making cough syrup with Pinex and Sugar Syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equaled.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to Pinex Co., Ft. Wayne, Ind.

NO HOLIDAY FOR ROOSEVELT

Strenuous Washington's Birthday Program Arranged in Chicago.

Chicago, February 21.—Washington's birthday will be no holiday for Colonel Theodore Roosevelt. The program which he will face to-morrow as the guest of the Union League Club permits scarcely an idle moment, from the opening speech at a morning meeting to the closing address of a celebration at night. Between these occasions he will speak at Hull House Social Settlement, review the Boy Scouts and attend an informal reception. Colonel Roosevelt was warmly welcomed to-day, when he arrived at the railroad station, the crowd making up in noise what it lacked in numbers. The former President was hurried in an automobile to the Union League Club, where a larger crowd had gathered. Later he went for a long automobile ride.

When he returned to the club, Colonel Roosevelt was the guest at an informal reception by the members. Later he was the guest of honor at the fifty-fourth annual banquet of the Harvard Club.

Entom—Blackman.

(Special to The Times-Dispatch.) Lynchburg, Va., February 21.—Miss Melissa Blackman, of Lynchburg, and William Eaton, of Townsend, Mont., were married at the Presbyterian church, near the city, Sunday afternoon. The ceremony being performed by Rev. Robert H. Fleming, D. D., superintendent of the orphanage. They have gone to Montana where Mr. Eaton is engaged in stock-raising.

PLANS FOR GREAT MEMORIAL TEMPLE

Masons From Every Section of United States Gather at Alexandria.

WILL VISIT MOUNT VERNON

George Washington National Association Is Organized.

(Special to The Times-Dispatch.) Alexandria, Va., February 21.—With representatives from the majority of Masonic grand jurisdictions in the United States and its possessions, among them many high in the Masonic world, the second annual meeting of the George Washington Memorial Association was called to order at 11 o'clock this morning in the Masonic Temple here by W. R. McChesney, Grand Master of Masons of Virginia. The ceremonies were opened with prayer by Rev. W. J. Morton, rector of Grace Episcopal Church. An address of welcome was made by Grand Master McChesney, who paid a compliment to the visiting brethren for their attendance. This is the largest body of grand masters ever before gathered together, it is stated.

A roll call showed representatives from the following places: Arkansas, Alabama, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Iowa, Illinois, Kansas, Kentucky, Missouri, New York, North Carolina, North Dakota, Oklahoma, Oregon, Rhode Island, Maine, Massachusetts, Michigan, Mississippi, Montana, Nebraska, New Hampshire, New Jersey, South Carolina, South Dakota, Vermont, Virginia, West Virginia, Wisconsin, Wyoming and Porto Rico.

W. L. Adams, Roanoke, was elected secretary.

Charles H. Callahan, Worshipful Master of Alexandria-Washington Lodge of Masons, addressed the association, giving its history and its objects. He explained that one of the objects of the proposed temple is to be set apart forever as a hall of fame, to be under the absolute and perpetual control of the National Memorial Association. Each grand jurisdiction and its evergreen grand body identifying itself with and becoming a part of the association is to have space allotted in this hall upon which to erect tablets or other forms of commemoration to their illustrious Masonic dead.

It is further proposed, he said, that in addition to this there shall be a library, consisting of biographical sketches of all who are awarded a place in the temple, properly catalogued and scheduled under the name of their State or jurisdiction. This, beginning with the history of Masonry in this country down to

The Secret of Success

Genuine Merit Required to Win the People's Confidence

Have you ever stopped to reason why it is that so many products that are tensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as, like an endless chain of testimonials, is recommended by those who have been cured to those who are in need of it.

In an interview on the subject a prominent local druggist says: "Take, for example, Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows immediate results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

A free trial bottle will be sent by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper. Sold at druggists in bottles of two sizes—50c and \$1.00.

the present time and on through the future, there will be gathered together, in the same room, symbols of commemoration and of a history of a people whose the grand lodges deem worthy of special honor.

The association is to be constituted of two representatives from each grand jurisdiction or sovereign grand body—the grand master and one other elected by the grand lodge. These will constitute the national memorial, the active law-making body, which will meet annually February 22 in the proposed memorial hall. A preliminary draft of the constitution and by-laws of the organization was submitted, and the following committee was appointed: R. Johnson, South Carolina; John A. T. Keane, Massachusetts; A. B. Ashley, Illinois; Lawrence Lawrence, Ohio; J. H. Hull, North Dakota; Robert R. Burnham, Kentucky; Henry Banks, Georgia; W. R. McChesney, Virginia; W. R. Ellis, Oregon; Charles H. Callahan and Robert S. Barrett were named as advisory to the committee.

The committee on constitution made its report this afternoon, and it was decided that the name of the association would be the George Washington National Memorial Association. The officers of the association shall consist of a president, four vice-presidents, secretary, treasurer, chaplain and stewards. The president shall be vested in a board of five trustees, who, as well as their successors, shall be selected by the association. The board of trustees shall be composed of one-fifth of the representatives of the full membership shall constitute a board of trustees, who, as well as their successors, shall be selected by the association. The board of trustees shall be composed of one-fifth of the representatives of the full membership shall constitute a board of trustees, who, as well as their successors, shall be selected by the association.

The Michigan delegation, consisting of precinct members of the grand lodge of that State, is here. The party pulled into Washington last evening on a special train from Detroit. The party consists of eighty men and forty women.

They have headquarters at the Raleigh Hotel. The degree team from Michigan, to-morrow will confer the Master Mason degree on a candidate. The big banquet, which will end the gathering, will take place in Armory Hall. It is expected that the members of the craft, including practically all local Masons, together with visitors, will attend the banquet.

Pocket Picked. Jim Bob Blackwell, of 321 North Eleventh Street, reported to the police last night that his pocket had been picked of a pocketbook containing much valuable property. He said he lost a diamond and a ring, a \$10 gold piece and five \$1 notes.

HOUSE AGREES ON TWO BATTLESHIPS

Naval Appropriation Bill Will Be Passed To-Day.

VOTE IS NON-PARTISAN

Colliers, Torpedo-Boat Destroyers and Submarines Also Favored.

Washington, D. C., February 21.—The House late to-day completed the naval appropriation bill, and will pass it to-morrow morning. As agreed to when read for amendment to-day, it provides for the construction of two new battleships, two fleet colliers, eight torpedo boat destroyers and four submarine torpedo boats. The two battleships are to be the largest ever constructed in this country, and while the authorization fixes the displacement of these super-dreadnoughts at 27,000 tons, there is a likelihood that they may go up to 30,000 tons.

The new battleships will have twelve fourteen-inch rifles, the heaviest battery ever placed on a ship in this country, or in the world. These guns will be arranged in four turrets, three guns in each turret. This arrangement is entirely new. Russia is building such a ship, however, and Japan has ordered a battleship-cruiser carrying a similar battery.

The decision in favor of two battleships came on a test vote on a motion to cut the number down to one. This motion was defeated, 123 to 114. A motion by Mr. Hobson, of Alabama, who was referred to by Chairman Tamm of the Appropriations Committee, as "high priest of war," to increase the number of battleships to three was defeated, 181 to 9. Mr. Hobson sought to add a battleship-cruiser to the twenty-eight knots speed to the building program, but was again defeated.

The vote in favor of the two battleship program was non-partisan. A large number of Republicans voted against it, and a considerable number of Democrats voted in favor of it. Numerous amendments were tacked on to the measure, most of them against the points of order made by the members of the Naval Affairs Committee in the interest of economy. When the reading of the bill was completed, both Mr. Foss, of Illinois, chairman, and Mr. Padgett, of Tennessee, ranking Democrat of the committee, in statements to the House announced that by the changes made to the bill to-day between \$8,000,000 and \$9,000,000 had been added to the cost of construction of the vessels authorized in this bill, or heretofore authorized. Mr. Padgett added that he hoped this additional cost would be charged up to the credit of the next Congress.

An amendment was adopted providing that no part of the money set apart for the four submarines should be expended with any firm or corporation which had not at the time of beginning work on the boats established an eight-hour day for all laborers and employees who were to be employed on the boats.

The House adopted an amendment forbidding the naval authorities from transporting coal from the Atlantic coast to the Pacific coast for naval purposes. It was asserted by Western members that good steaming coal was available on the Pacific coast.

An amendment by Mr. Rainey, of Illinois, was adopted striking out the limiting words of "domestic manufacture" from the appropriation of \$890,000 for armaments, limiting, as it left the government free to buy armor anywhere in the world, was adopted.

Mr. Stanley, of Kentucky, secured the adoption of a number of amendments. One of these provided that no part of the appropriation is to be spent with any firm or corporation which should reasonably appear, had entered into combination to restrict competition, and in no case should the government pay in excess of 100 per cent. above the cost of production. Another amendment provided that no structural steel, ship plates, etc., from any plant in combination to violate the laws regarding restraint of trade, and in no case should the contract be paid, so that the contractor should not make more than a reasonable profit.

Numerous other amendments were offered and rejected, and the bill amended in many respects. The House adjourned without passing the bill, on motion of Mr. Foss, the idea being to have the measure pass to-morrow, when a large attendance of members is expected.

GLADLY we will send you a liberal sample of Kondon's Catarrhal Jelly, Free, postage paid, if you'll write us a postal.—Enough for several days' treatment.—Enough to prove to you conclusively that this splendid, honest remedy is the cleanest, purest, pleasantest, safest, most soothing and healing method for the treatment of these diseases.

—Kondon's Catarrhal Jelly is soothingly applied directly on raw surfaces. —Reduces the thickened membranes, stops abnormal discharges, clears the nasal passages for easy, natural breathing and permits the air to pass through the lungs over healthy surfaces. —That is the logical way to cure catarrh.

Ask Your Physician or Druggist —You would not apply salt water to a wound—or spray it with a violent medicine which would burn, itch and irritate the raw places. —For the same reason you should stop the use of sprays, poultices, douches and atomizers for catarrh. The delicate lining of the nasal passages is raw, inflamed—sore from the action of the catarrh germs. —Kondon's Catarrhal Jelly is soothing, healing, pleasant and cooling. Apply it once and you will have instant relief.

Continued use, three times a day, will effect a permanent, safe and speedy cure of Catarrh, Catarrhal Discharge, Hay Fever, Asthma, Cold in the Head, Catarrh of the Stomach, or any complication resulting from chronic nasal catarrh. —The blessed relief that even the free sample will bring you will encourage you to continue its use until a complete cure is effected. —You cannot afford to neglect nasal catarrh even in its earliest stages. It will not get better of itself. Neglect of cold in the head opens the way for the attack of the catarrh germs. —Over 1,000,000 packages of this wonderful remedy have been sold in 16 years. Thousands have testified to its merits in unsolicited letters which we should be glad to show you. —Remember, that Kondon's Catarrhal Jelly is sold by over 35,000 druggists in the United States—but if yours does not have it, send to us for 25c or 50c tube (stamps or coin), and we will mail at once, postpaid. The 50c size contains three times as much as the 25c size.
